

Minimally Invasive/ Scarless Bunion Surgery

End the misery of
bunions with minimal
recovery time

And most remarkably,
very minimal to no scar!!

**Cost-effective,
performed in the safety
of a state-licensed
surgery center**

For more information please visit
website to download our Scarless
Bunion pdf

The benefits of minimally
invasive bunion surgery
versus traditional surgery:

- Minimal Swelling
- Less Pain
- No general anesthesia
- Smaller incisions
- Minimal scarrings
- Limited discomfort
